

# FARM-OPOLY

## IN THE BOX...

A board, 6 tokens, Acres, Barns, Cock-a-Doodle-Do and Bale Out cards, deeds, play money and dice.

## STARTING OUT...

Select a banker. The Banker's personal account is to be kept separate from the bank.

Each player selects a token. Cock-a-Doodle-Do and Bale Out cards are placed face down on the board. The bank gives each player \$1,630.00 as follows: 2-\$500's, 3-\$100's, 3-\$50's, 5-\$20's, 5-\$10's, 5-\$5's, 5-\$1's.

## THE BANK...

Holds money, deeds, Acres, and Barns until purchased.

The bank pays a player \$200 when the player lands on or passes "GROW!"

All money owed to a player due to Cock-a-Doodle-Do and Bale Out cards or mortgages is paid by the bank.

## ALL TOKENS...

Begin in the center of the board. Each player rolls the dice and the player with the highest roll advances to "GROW!" counting this space as "one," and advances the number of spaces indicated on the dice. A player is subject to the consequences of the space upon which the token lands. Play then passes to the left.

A player who rolls doubles moves the sum of the dice and is subject to the possibilities of the space upon which the token lands. The player then rolls again and moves again. A player who rolls doubles three times in a row goes to "DROUGHT" immediately and does not pass "GROW!"

## COCK-A-DOODLE-DOO AND BALE OUT...

When landing on any of these spaces a card is drawn and the instructions are followed. The card is then placed on the bottom of the deck.

## PURCHASING PROPERTY...

When landing on an unowned property, a player has the option to purchase that property. If purchased, the player receives a deed for that property.

If a player chooses not to buy the property, any player may bid any price to buy the property. The highest bidder receives the deed for the property.

## RENT...

When landing on owned property, the owner is paid the rent required. No rent is collected when properties are mortgaged.

If all deeds of a color group are owned by the same player the owner may charge twice the rent for undeveloped properties. All rents must be requested before the next roll of the dice.

## FREE MANURE!...

All money required to be paid other than rent and purchase price of property is placed in the center of the board. A player landing on "FREE MANURE!" collects all the money in the center of the board at that time.

## DROUGHT...

If a player is sent to "DROUGHT," the player goes directly there and does not collect \$200. A player's turn ends immediately upon being sent to "DROUGHT."

If a player is not sent to "DROUGHT" but lands on the space during play, the player is having "JUST A DRY SPELL" and moves ahead as usual on the next turn.

If a player is sent to "DROUGHT," the player may leave by rolling doubles in any of the next three rolls. If successful, the player moves forward but does not roll again.

If a player does not roll doubles within three rolls, the player places \$100 in the center of the board and moves forward the number of spaces on the third roll.

While in "DROUGHT," a player may buy or sell property, buy or sell Acres and Barns, and collect rent.

## SQUARE ACRES...

Square Acres are indicated with the plastic blocks. When a player owns all properties of a color group, Acres may be purchased for those properties. The first Acre may be placed on any of the properties. Development of property must be done evenly. No more than one Acre may be placed on any property until one has been placed on each property in that group. The price for an Acre is shown on the deed for the property.

Double rent continues to be paid on undeveloped property in a complete color group.

If a player sells Acres back to the bank, this must be done evenly.

## BIG RED BARNs...

Big Red Barns are indicated with the plastic buildings. When a player has four Square Acres on each property in a color group, they may be returned to the bank and Barns may be purchased and placed on the properties of that color group. Only one Big Red Barn may be placed on each property.

## SQUARE ACRE SHORTAGES...

When the bank has no Square Acres to sell, a player must wait until Acres are returned.

## SELLING PROPERTY...

Players may sell property to another player as a private transaction at any agreed price. Square Acres and Big Red Barns may not be sold. Property may not be sold if Acres and Barns occupy that property. Acres and Barns may be sold back to the bank at half the price paid for them.

## MORTGAGES...

All undeveloped property may be mortgaged to the bank. All Acres and Barns must first be sold at half price. Mortgage value is printed on the back of each deed. When mortgaged, the property deed is placed facedown.

No rent is collected on mortgaged property.

To lift a mortgage, the owner must pay the bank the amount of the mortgage plus 10%.

## BANKRUPTCY...

The condition of owing more than one can pay.

All assets are paid to the creditor and the bankrupt player immediately retires from the game. If Square Acres and Big Red Barns are owned, they must be sold back to the bank at half price. The cash is then given to the creditor. Mortgaged property turned over to the creditor cannot be released to the creditor until the amount of the mortgage, plus 10% interest is paid by the creditor to the bank.

If the bank is the creditor and receives the assets, the bank immediately sells all property taken (except Square Acres and Big Red Barns) at auction. A bankrupt player immediately retires from the game.

## THE LAST PLAYER LEFT IN THE GAME WINS!

A player may not loan money. Only the bank may loan money through the mortgage of property.

## A SHORT VERSION OF THE GAME...

Before starting the game, deeds are shuffled and four deeds are dealt to each player. Players immediately pay the bank the price of property dealt to them. Play then proceeds as in the regular game.

## THE TIME OF PLAY IS ONE HOUR.

At the end of one hour, players value their property including cash, property at the price printed on the board, mortgaged property at one half the price printed on the board, and Acres and Barns valued at their purchase price.

## THE RICHEST PLAYER WINS!
